COMPANY INTRODUCTION

INTRODUCTION

STARCO Fire & Safety Equipment's Trading, Contracting and Service Company Established in 2013, that provides Fire Fighting Equipment's, Fire Protection System, Fire Alarm, Security System and Safety Engineering under one roof. For the past years we had executed different types of projects from the Design stage up to Commissioning and Handling Over to the Client. Our diverse range of products and services enable **STARCO** to meet stringent fire and security requirements of our valued and satisfied customers.

STARCO is a company committed to continuous improvement to ensure we always deliver the highest standards of service. Engineering, Designs, Sales and Marketing and all its administrative departments and labors have a mission to ensure superiority and distinction in our products and services and thus guarantee customer satisfaction. Team of professional engineers and technical specialized in maintenance of all Fire Alarm, Fire Pumps and Extinguishing System as per NFPA, and the client's requirements.

Economic growth throughout the world this century has brought new industrial technology, increased competition and hazardous working environments. This in turn has resulted in tighter regulations and new worldwide legislation being brought into force to protect lives, environment and property. The objective of **STARCO** is to recommend, provide and maintain optimal solution for all Fire and Security risks and to empower costumer to secure life, property and business by delivering high quality and innovative fire protection solutions and knowledge.

We at **STARCO** take pride in our reputation, technical expertise and business excellence. We are proud to be associated with some of the leading companies in the region and to have provided totally integrated fire & security solutions to some of the most prestigious or important developments in UAE over the years.

FIRE PREVENTIVE MAINTENANCE

WE OFFER MAINTENANCE OF:

- All types of intelligent analogue addressable and soft addressing fire alarm systems.
- All type of conventional fire alarm systems
- Fire Hose Reels & Cabinets
- Fire rated doors and frames
- All gaseous suppression systems like CO2, FM200, INERGEN, Argon systems
- Dry and wet type sprinkler systems
- Hose Reels, Wet and dry risers
- Water spray systems, foam systems and wet chemical suppression systems
- Fire Fighting Pumps
- Testing and refilling fire extinguishers

CONTRACTING CAPABILITIES

PROJECT MANAGER

A Project Manager is appointed who has full responsibility for all activities from the time of order award through to installation, commissioning at site and to the end of the guarantee period.

PLANNING

Where appropriate and practical, project personnel shall interface with the estimating personnel to establish awareness of the scope of work. Project personnel shall ensure to report back to the concerned departments about problem with existing procedures on current projects and in previous projects. This will provide an important feedback loop for project planning and additionally help to ensure that all parties concerned are committed to the scope of work awarded. **STARCO** uses MS Project, MS Office and CAD Viewer software's to carry out its Planning processes and procedures.

QUALITY ASSURANCE/ QUALITY CONTROL

Our quality system matches the customer's requirements, our ethics responsibilities, and our commitment to professionalism demand of a high level of quality for our products and services.

INSTALLATION AND COMMISSIONING

STARCO Fire Protection Engineers LLC offers:

- ◇ Design
- ◇ Supply
- ◇ Site Installation
- ◇ Site supervision
- ◇ Own Labor Force
- ◇ Full On – Site Commissioning
- ◇ Piping
- ◇ Testing & Commissioning
- ◇ Maintenance Contracts

Design Capabilities

STARCO Fire Protection Engineers LLC has the capability to use client requirements and specifications as a basis to carry out full design and procedure details working drawing.

Certification

STARCO Fire Protection Engineers products are certified by Civil Defense, Kite mark, UL & FM Listed, LPCB Mark & Wheel Mark Approved.

Values

We always work on improving our products with sophisticated technology to protect lives by;

- Keeping away from risk – Fire Protection
- Warning them of the risk – Fire Alarm
- Rescue them – Fire Fighting

SERVICES PROVIDED

Performance of planned preventive maintenance services in line with Manufacturer's recommendations and NFPA standard inclusive of:

- ♦ Weekly, monthly, quarterly, semi- annual testing, service and inspection
- ♦ Full-time site management
- ♦ System service and inspection
- ♦ Emergency call –out
- ♦ Modification and extensions
- ♦ Refilling of portable Fire Extinguishers as well as Gas-based Fire
- ♦ Suppression Systems Training services for all systems under
- ♦ solutions and services portfolio
- ♦ Spares and refurbishment

ENGINEERING PROFILE

STARCO Engineering Department is well qualified and equipped with the design codes such as Abu Dhabi Civil Defense Code Regulation, NFPA.

The Department is fully controlled and organized by experienced Engineer devoted in the field of Fire Protection. Moreover, the design teams are using the latest drawing tools & software including AutoCAD to enhance design accuracy.

We guarantee to that the Engineering of Starco will obtain the best result to persuade the costumer obligation.

NATURE OF BUSINESS

STARCO provides all types of Fire Protection System Equipment's such as:

FIRE FIGHTING PUMPS

- ◇ End Suction Centrifugal Pumps
- ◇ Horizontal Split Case Pumps
- ◇ Vertical Turbine Pumps

DRY & WET STANDARD PIPE SYSTEM

- ◇ Fire Hose Reel Cabinet (Single Type)
- ◇ Fire Hose Reel Cabinet with space for 2 Extinguisher (Double Type)
- ◇ Fire Extinguisher Cabinet (for 1 Extinguisher & for 2 Extinguisher Capacity)
- ◇ Landing Valve Cabinet
- ◇ Breaching Inlet Valve Cabinet
- ◇ Fire Hydrant Cabinet
- ◇ Fire Hose Reel
- ◇ Fire Hose for landing Valve ◇ Landing Valve
- ◇ Nozzles

FIRE EXTINGUISHER

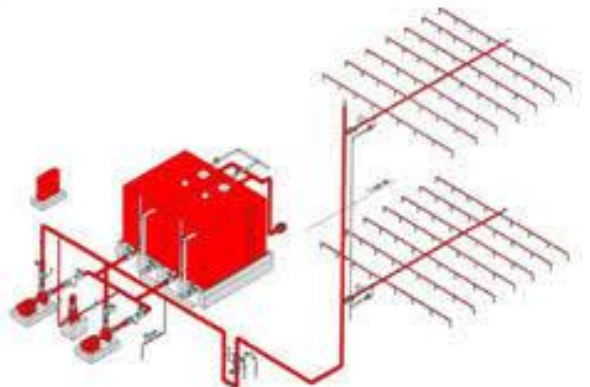

(Portable & Trolley Type)

- ◆ Dry Chemical Powder
- ◆ Carbon dioxide Foam extinguisher
- ◆ Water Extinguisher
- ◆ Wet Chemical Extinguisher
- ◆ Automatic Dry Powder Extinguisher

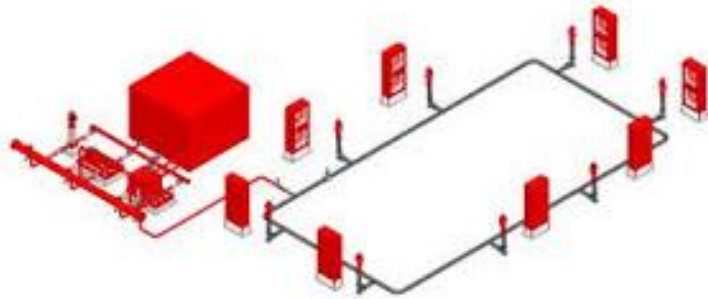

SPRINKLER SYSTEM

- ◆ Upright Sprinkler – Standard Response or Quick Response
- ◆ Concealed Sprinkler - Standard Response or Quick Response
- ◆ Recessed pendent Sprinkler - Standard Response or Quick Response
- ◆ Horizontal Side Wall Sprinkler - Standard Response or Quick Response

FIRE HYDRANTS

- ◇ DRY PILLAR HYDRANTS
- ◇ WET TYPE FIRE HYDRANTS

VALVES

- ◇ DELUGE VALVES
- ◇ WET ALARM VALVES
- ◇ BUTTERFLY VALVES
- ◇ GATE VALVES
- ◇ CHECK VALVE
- ◇ ZONE ASSEMBLY

FIRE SUPPRESSION SYSTEM

- ◇ HFC 227 FM 200 Clean Agent System
- ◇ Foam system
- ◇ Carbon Dioxide System
- ◇ Deluge Valve
- ◇ Water Spray System
- ◇ Wet Chemical System
- ◇ Gas Detection System
- ◇ Warning Sign
- ◇ FM-200 Gas Factory Filled

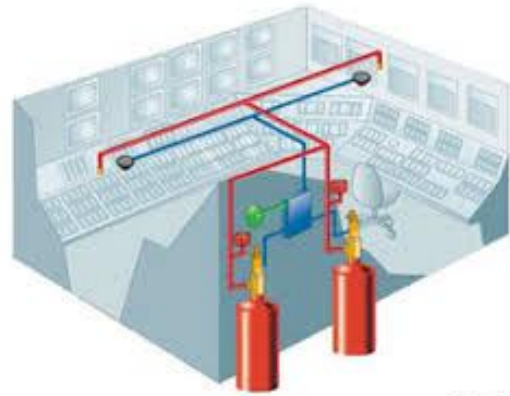

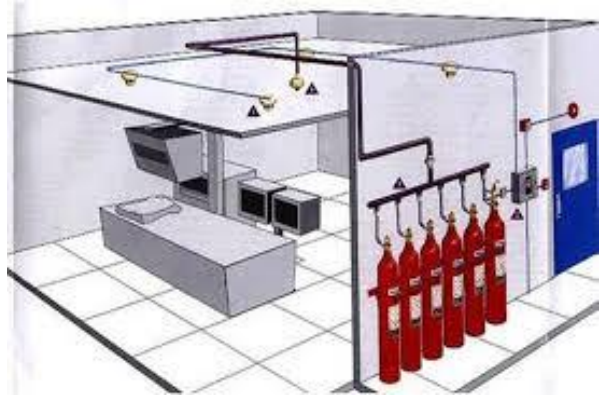

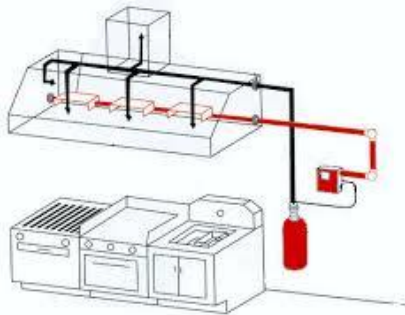

photo courtesy of Starco

FIRE ALARM SYSTEM

- ◇ Conventional & Addressable System
- ◇ Fire Alarm Control Panel
- ◇ Optical Smoke Detector
- ◇ Optical Heat Detector
- ◇ Beam Detector
- ◇ Fire alarm Repeater Panel
- ◇ Fire Telephone Jack
- ◇ Ceiling & Wall Mounted Speaker
- ◇ VESDA System

EMERGENCY LIGHT

- ◇ Self Contained System
- ◇ Central Monitored System
- ◇ Central Battery System

The diverse range of solutions and services in our portfolio enable us to keep up with the ever – changing demands of the various markets we serve. Our product suppliers maintain research and development programs at major research center to ensure that STARCO Fire & Safety Equipment's trading stays at the forefront of technology.

Thank you and assuring our best services all the times.

For STARCO FIRE PROTECTION ENGINEERS LLC

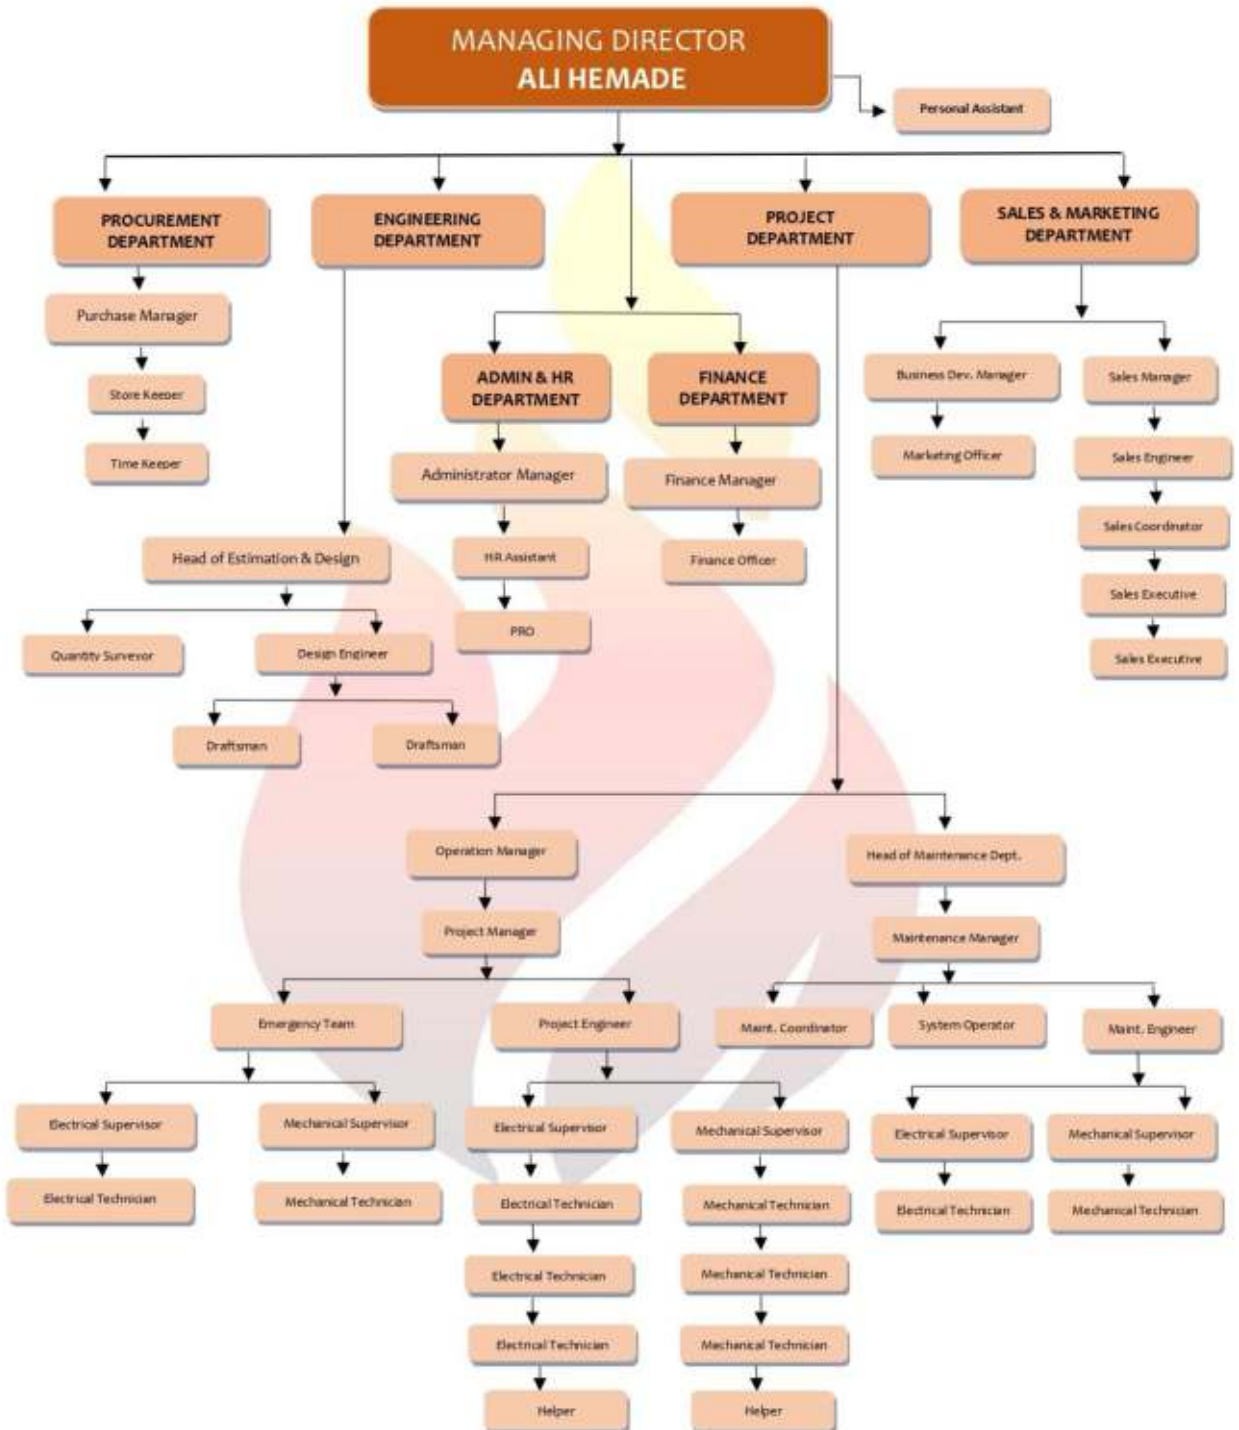

ALI HAMADE

Managing Director

ORGANIZATION CHART & ENGINEERS CURRICULUM VITAE

Organization Chart

Hussein Jheir

Email: hussein@starcofire.com

Mobile no.: +971506260967

Employment Experience: 21 years total experience in the field of Fire Fighting and Fire Alarm Protection Systems, as per local authorities and international Codes NFPA.

Key Skills Duties

- Can understand taking a risk-based approach to fire engineering matters in accordance with AUH Authorities and NFPA
- Willing to learn new approaches to help provide engineering solutions for new build plans at the design stage.
- Excellent skills working with equipment designed for fire detection, fire suppression and fire control.

Work Experience

STARCO FIRE PROTECTION ENGINEERS L.L.C., ABU DHABI, UAE

Operation Manager (August 2013, till present)

- Responsible for installing and maintaining fire detection and suppression devices and fixtures.
- Making sure all clients comply with their obligations under health and safety law.
- Providing written and computerized reports for senior managers and mentoring junior members of the team.
- Responsible for ensuring all works undertaken had been compliant with the Regulatory Reform (Fire Safety) UAE Code.
- Planned inspections and liaised with customers to arrange convenient appointment times.
- Advised on the appropriate level of actions needed to generate the best balance between preventive and protective measures.
- Review and understand the contract documents.
- Review and understand the scope of work along with the specification requirements.
- Work hand-in-hand with the design manager and designers during the coordination/design stage.
- Attend coordination meetings with design.
- Review and release project materials from the design team through our in-house purchasing agent.
- Work hand-in-hand with the Superintendent/Foreman for material procurement.
- Attend on-site construction meetings.
- Communicate with Superintendent/Foreman with any installation/material issues.
- Track project schedule for contract compliance.
- Put together schedule of values for billing.
- Track material costs, labor costs, equipment costs, etc.

**SOS International Mechanical Equipment L.L.C Abu Dhabi
Mechanical Engineer (March 2009, May 2013)**

- Obtain material, equipment and subcontract pricing.
- Prepare Requests for Information, Change Order Requests, and Operation & Maintenance Manuals.
- Prepare and update project schedules.
- Work with salesmen, designers and administrative staff.
- Prepare material and drawings submittals for Architect and/or AHJ review.
- Prepare monthly Project Forecast to Complete estimates.
- Perform field surveys.
- Attend project specific & company meetings.
- Lists all material for fabrication and purchase.
- Provide shop drawing to field for installation.
- Perform PM to Field turnover meetings.

**NAFFCO
General Engineer (May 2003, Feb 2009)**

- Responsible for project assigned
- Ability to manage installation fitters and helpers at job site
- Self motivator with no supervision required
- Ability to interpret blue prints and architectural drawings
- Responsible for installation of wet, cpvc, and steel systems in residential and commercial buildings
- Ability to climb ladders, operate high lift equipment, and carry and move material
- Display professional appearance
- Knowledgeable with NFPA 13 and all codes
- Must maintain appropriate documentation for the work performed
- Ability to interact and communicate in a professional and positive manner with other trades, customers, project managers, county officials, general contractors, etc

Mobile no.: +971 5530 98939

Career – Total Experience 13 years

Pre-Sales Engineering of Fire Protection and detection systems i.e. Fire Pump, Hydrant System, Sprinkler System, Firefighting System, Water Spray System, Gas Suppression system, Foam Sprinkler system, Pre action System, Kitchen Hood System, Fire Alarm System and other special protection systems as per UAE civil defense, FM Global and NFPA requirement.

Areas of Expertise

- Visiting the client and understanding their requirement.
- Entrusted with the responsibility of preparing conceptual design right through to detailed design in the building hydraulic services such as Fire protection, Detection & Water supply Systems for all kind of projects across Middle East.
- Key experience in the design and estimation of Water based sprinkler, standpipe and fire hydrant system, water and foam based deluge system, gas suppression system using HFC227ea, Novec, CO2 gas suppression systems.
- Excellent skills in the design and estimation of fire alarm and detection system, Public address and voice evacuation system, VESDA and central battery emergency and exit light systems.
- Perform Hydraulic Calculation for Hydrant system, Firefighting System, Sprinkler System and pump selection using HASS & CANUTE Software.
- Perform Gas Flow Calculation by using FIKE & SFFECO software.
- Good Knowledge in AutoCAD and Microsoft office applications
- Preparation and Review Fire Strategy report, Initial Civil Defense drawing and Final Shop drawing.
- Providing Product Knowledge and In-depth technical details to all contractors and consultants to enhance business prospects and brand visibility.
- Interacting with the Clients, Civil/ MEP Consultants, MEP Contractors for Fire Protection of the projects undertaken.

Professional Experience

STARCO FIRE PROTECTION ENGINEERS

Designation - Head Of Design & Estimation
Period - 2020 To Present

ADUBA SAFETY SYSTEMS AND FIRE PROTECTION

Designation - Team Leader
Period - 2018 To 2020

SOS INTERINATION FIRE FIGHTING EQUIPMENT LLC

Designation - Sr. Design & Estimation Engineer
Period - Sep-2015 To 2018

NAFFCO ELECTRO MECHANICAL CO. LLC,

Designation - Design & Estimation Engineer
Period - 2013 To 2015

METEC DESIGN AND CONSTRUCTION ENGINEERS INDIA PRIVATE LIMITED, Chennai, India.

Designation - Design & Estimation Engineer
Period - May-2011 To Jun-2013

Major Projects - Handled

- Proposed 2 Tower Bldg. ADNEC Residences, Sector: W59_01, Plot C-11 & C-12
- New Majilis, Abu Dhabi
- Various Abu Dhabi Future Schools – Musanada
- Fairmount Hotel, Abu Dhabi, UAE.
- Ajyal International School, UAE.
- Saadiyat Resort, UAE.
- Various Commercial and Residential Towers, UAE.
- Al Ain University, UAE.
- Al Bateen Air Base Hangar, UAE
- CMW AIRCRAFT HANGAR, UAE.
- ICT Logistic Park, Abu Dhabi, UAE.
- ADNOC Service and Substations, Abu Dhabi, UAE.
- Various PGC & CMW projects.

Responsibility

- Design and Detailing of Water and Foam based fire protection systems, Fire alarm and detection systems, Initial fire strategy drawing, Hydraulic Calculations, Pump Selections, Product recommendation, specification compliance and Site inspections.
- Aircraft Hangars : Hazards analysis and detail calculation of Sprinkler, Low & High Expansion Foam system as per NFPA-409
- ADNOC: Various fire protection system for substation and service station as per ADNOC bulletin and UAE civil defense code.

Computer Skills

Operating System : Windows XP

Package : AutoCAD
: Canute FHC
: Fike (Hfc-227ae Gas Calculation)
: MS Project
: HASS - Hydraulic Analyzer of Sprinkler Systems

Academic Profile

Academic : Mechanical Engineering
First Class with Honor
College : Pandiyan Institute of Technology, Tirupattur
Year : 2006 to 2011

Secondary School Education: April 2006

Institute: Government Boys Higher Secondary School, Odugathur, Vellore

Personal Profile

Nationality : Indian
Sex : Male
Marital Status : Married
D.O.B. : 07/07/1989
License : Valid UAE License
Language known;
To speak : Tamil, Malayalam, English, Telugu
To write : Tamil, English

Mobile no.: +971 565523261

Total working experience in Fire Protection System 9 years

Professional Experience

STARCO FIRE PROTECTION ENGINEERS

Designation - Firefighting Designer
Period - 2019 To Present

Nature of work: Design & Estimation of Fire Protection system of Sprinkler, Standpipe, Fire Hydrant, Fire Pump & Special systems such as Pre Action, Water spray, Foam, FM200, Inert Gas system as per Local Civil Defense Authority, National Fire protection Association (NFPA).

Job Responsibilities:

Design & Estimation Engineering Activities:

- Estimation of Fire protection system requirement for Commercial & Residential building, Warehouses, Storages, as per NFPA & Local Civil Defense Fire Safety code,
- Preparing Initial Design Layout as per Life Safety Code, for commercial, Residential Building & Labor Accommodations.
- Designing of Sprinkler, Standpipe, Hydrant, Fire pump, Pre Action, Foam & Water Spray system as per NFPA & Civil Defense Code (UAE Fire Safety Code).
- Designing of Fire Alarm system, Emergency & Exit Light system as per
- Latest NFPA Code & Civil Defense Code (UAE Fire Safety Code).
- Preparing Coordination drawing for firefighting system with MEP Contractor.
- Preparing As-Built Drawing as per site condition.
- Clearing Local Authority / Third Party / Consultant / Contractor Comments.

CONCORDE TECHNICAL EST

Designation - AutoCAD draftsman
Period - Aug. 2017 To July 2019

NAFFCO ELECTROMECHANICAL

Designation - AutoCAD draftsman
Period - Feb. 2015 To June 2017

Nature of work : Design Engineering for Fire Protection system of Sprinkler, Standpipe, Fire Hydrant, Fire Alarm system, Emergency & Exit System & Special systems such as Pre Action, Water spray, Foam, FM200, Inert Gas system & Pump room layout as per Local Civil Defense Authority, NFPA and Other International Codes.

Job Responsibilities:

Design Engineering Activities:

- Responsible for the preparation of firefighting system (sprinkler, Standpipe & Hydrant system), Fire Alarm system & Emergency & Exit System & design for Commercial Building, Residential Building, Hospitals, Educational building and Industrial Building, Parking and Warehouses based on the NFPA & UAE Fire code.
- Preparing the fire suppression layout, detection system layout & calculation using through Flow calculation software for special systems of Clean agent system using HFC 227ea, IG100 Gas, CO2 Gas, Foam system(AFFF), Water spray system & Pre action system as per standards requirements.
- Responsible for preparation of Bill of quantities, As-Built drawings on final stage of installation & Checking of the Firefighting design based on NFPA standard & UAE Fire code.
- Preparation of firefighting Coordination Drawings with MEP contractors.
- Clearing Consultant/contractor comments.
- Responsible for Preparation of Hydraulic calculation for Sprinkler system, Stand pipe / Hydrant system based on water demand & available Pump.

Cethar Ltd., Trichy

Designation - Junior Executive

Period - May 2010 To Aug. 2014

Nature of work : Detail Engineering and Field Engineering of Electrostatic Precipitators for Utility Power Projects (UPP), Industrial Boilers & Captive Power Plants (IB/CPP).

Job Responsibilities:

Design Engineering Activities:

- Responsible for the preparation of detail engineering drawings for ESPs & Fabric Filter of various boilers application.

- Proposed 2 Tower Bldg. ADNEC Residences, Sector: W59_01, Plot C-11 & C-12
- New Majilis, Abu Dhabi (STARCO)
- Bin Jesrain Co-Operative Mall Extension. Abu Dhabi (STARCO)
- Cruise Terminal at Zayed Port, Abu Dhabi (STARCO)
- Residential Towers, Commercial Buildings (Low, Mid & High Rise Building) (STARCO)
- Industrial Workshops, ICAD-III, Abu Dhabi (STARCO).
- Car Park at Dubai Hills Mall, Dubai. (M/s. Concorde Technical)
- Dubai Creek Tower (High Rise Bldg.), Dubai. (M/s. Concorde Technical)
- Mobility Signature Pavilion at EXPO 2020, Dubai. (M/s. Concorde Technical)
- Al Maryah Mall, Abudhabi. (M/s. Naffco.)
- Contributed in IG-541 system for Abu Dhabi airport Project. (M/s. Naffco.)
- Residential Apartment at Shams (High rise Bldg.), Al Reem Island. (M/s. Naffco.)
- RDK tower at Al Reem Island, Abu Dhabi. (M/s. Naffco.)
- Leaders Marine Factory, ICAD-III, Abu Dhabi. (M/s. Naffco.)
- State Audit Institution at Zayed City, Abu Dhabi. (M/s. Naffco.)
- Al AIN Hospital, Al Ain. (M/s. Naffco.)

Diploma in Mechanical Engineering (2007-2010)

First class with 86% from VSVN Polytechnic College, Virudhunagar.

SSLC in April 2007.

First class with 82.6 % from Govt.Hr.Sec.School, Sivagnanapuram.

- ✓ AutoCAD (2D & 3D MODELING).
- ✓ HASS 8.6, Canute (Hydraulic calculation)
- ✓ Fike, Kidde Fire system, Chemtron, Nohmi Bosai (Gas Fire Suppression Flow calculation)
- ✓ MS-Office (Word, Excel, PowerPoint).

Nationality	: Indian.

Designation - Mechanical Engineer

Period - 2016 To 2017

MARINA FOR FIRE AND EQUIPMENT SERVICES L.L.C (ABU DHABI)

Designation - Mechanical Engineer

Period - 2014 To 2016

Responsibility and Job Description

- ✓ Organized Reporting to service/project Manager
- ✓ Complete the project at a proper time
- ✓ Check the site work and make inspection
- ✓ Report the manager about the site work and daily task
- ✓ Planning with the manager for the project and material needed
- ✓ Always Start the job at Proper time
- ✓ Checking all the safety requirements of technicians before starting the work at site and service station
- ✓ Always Check the piping of the system after completion of project
- ✓ Handover the Project to client after commissioning
- ✓ Make inspection of revived items, to identify the condition of items revived
- ✓ Mobilize the items to service location
- ✓ Carry out the service as per manufacture requirement and as per service checklist

Main Project of Fire Fighting:

- ✓ Installation of Wet Chemical Fire Suppression System (Fire Fighting System) in Abu Dhabi International Airport Etihad Terminal.
- ✓ Installation of Wet Chemical Fire Suppression System in Qasar Al Salam Restaurant Abu Dhabi.
- ✓ Installation of FM 200 System in Capital Mall Abu Dhabi.
- ✓ Installation of Fire Pump and Sprinkler System in Phoenix Laundry Abu Dhabi.
- ✓ Installation of Fire Pump and Sprinkler System in Modern Bakery Abu Dhabi.

- ✓ Installation of New Fire Fighting System in Al Sham Restaurant Abu Dhabi.
- ✓ Maintenance of Fire Fighting System in Al Rehmani Warehouse Musaffah Abu Dhabi.
- ✓ Installation of Fire Fighting and Fire Alarm System In Commercial Shops (Al Sila).

Civil Defense Certificate:

Approved Civil Defense Mechanical Engineer from Directorate of Civil Defense (ABU DHABI)

Electrical & Automation Engineer (UAE Experienced)

Total Experience as Electrical Engineer approved with ADCD Authorities 10 years

WORK EXPERIENCE

Organization : STARCO FIRE PROTECTION ENGINEERS LLC

Abu Dhabi, UAE

Duration : July 2018 to Present

Job Responsibilities

- Installation of all types of Emergency Lights, Exit Lights, Public addressing & Emergency Voice Evacuation System.
- Installation, Service, Maintenance and Calibration of Fixed gas Detection System.
- Preparing AUTOCAD Drawings for Fire Alarm, Emergency Lights, Exit, Gas Detection System as per the international codes and standards.
- Testing of all the cables laid for Fire alarm, Emergency Lights, Exit Lights, Gas detection system like continuity checking and other related tests before terminating them to their related Panels.
- Service, Inspection and Maintenance of fire pumps.
- Service, Inspection, Maintenance of All Fixed and Portable fire Fighting System.
- Familiar with Safety and International Standards (NFPA & UAE FIRE AND LIFE SAFETY CODE).
- Designing & implementing quality plans / manuals to ensure high quality standards during all the stages of project.
- Carries out inspection of day to day activities and reporting to the department manager.
- Capable of taking the ownership of site activities from site development to the completion and handing over.
- Preparing the method statement, quality control procedures, inspection and test plan.
- Capable of preparing risk assessments and job safety analysis of site activities.
- Working experience in software- AutoCAD- to read drawings and supporting documents for assessing basic estimation related requirements.
- Recommendation preparation for procurement of items

Organization : Marina For Fire Equipment and Safety Services L.L.C.

Abu Dhabi, UAE

Duration : June 2016 to 2018

Job Responsibilities

- Installations, Programming, Testing, Commissioning and Maintenance of Fire Alarm System for Industrial, Commercial, Domestic and Marine.(Conventional/Addressable)..
- Installation of All types of Emergency Lights, Exit Lights, Public addressing & Emergency voice evacuation system.
- Installations, Service, Maintenance and Calibration of fixed Gas detection system.
- Preparing AUTOCAD Drawings for Fire alarm, Emergency Lights, Exit Lights, Gas detection system as per the International codes and standards.
- Testing of all the cables laid for Fire alarm, Emergency Lights, Exit Lights, Gas detection system like continuity checking and other related tests before terminating them to their related Panels.
- Service, Inspection and Maintenance of fire pumps.
- Service, Inspection, Maintenance of All Fixed and Portable fire Fighting System.
- Familiar with Safety and International Standards (NFPA & UAE FIRE AND LIFE SAFETY CODE).
- Designing & implementing quality plans / manuals to ensure high quality standards during all the stages of project.
- Carries out inspection of day to day activities and reporting to the department manager.
- Capable of taking the ownership of site activities from site development to the completion and handing over.
- Preparing the method statement, quality control procedures, inspection and test plan.
- Capable of preparing risk assessments and job safety analysis of site activities.
- Working experience in software- AutoCAD- to read drawings and supporting documents for assessing basic estimation related requirements.
- Recommendation preparation for procurement of items.

Organization : Nimit Industrial Engineering, Surat

Duration : January 2014 – May 2016

- Control Panel Designing, Detailed engineering, Instrument list, Input/output list, data sheet preparation, Cable Schedule, JB drawings, Loop drawings.
- Preparation and analysis of P&I Diagrams.
- Logics for Plant process (Ladder Logics, Functional Block Diagram).
- HMI Development for Automation Packages (PLC&DCS).
- Recommendation preparation for procurement of items.
- Erection and commissioning.

Design & Estimation Engineer
Fire Detection & Life Safety System
9 Years Of Experience

Personal Synopsis

Electrical & Electronics engineering graduate with experience of 9 years demonstrating core technical expertise in Life Safety systems. Expertise in Design and estimation. Holding up to date knowledge in the MEP industry, and skills in delivering support services are key assets. Proactive and forward-thinking team player with outstanding communication, planning, organizing, coordination, and time management skills.

Career Abstract

An astute professional with 7 years of experience in managing the team, presales, Estimation, proposal engineering, conceptual design, project management and bid management for various projects. Exceedingly efficient in coordinating projects of any size which has been proved in the career. Highly experienced in leading Presales and Estimation of Fire Alarm System, Voice Evacuation System, Public Address System, Central Battery System, Central Monitoring System, Disabled Toilet Alarm System, Vesda System etc. Preparation of specification, MS, Bill of quantities, Pre-bid engineering, tendering, layout drawings, department coordination for various projects in Life Safety systems.

Professional Experience

STARCO FIRE PROTECTION ENGINEERS

DESIGN & ESTIMATION ENGINEER

Dec 2024 – Present

AIKAH FIRE EQUIPMENT & SWITCHGEAR TRADING LLC.

DESIGN & ESTIMATION ENGINEER

Feb 2024 – Nov.2024

SIBCA ELECTRONICS & EQUIPMENT LLC, ABU DHABI, UAE

DESIGN & ESTIMATION ENGINEER Jan-2020- Dec 2023

NAFFCO ELECTROMECHANICAL LLC. DUBAI, UAE.

DESIGN & ESTIMATION ENGINEER Feb 2017 -Dec 2019

AGHORA DEVELOPERS

JUNIOR ELECTRICAL DESIGN ENGINEER

August 2014 -Nov 2016

- Report daily and weekly work progress to management
- Highlighted site obstacles to relevant affiliates on site to assure commitment to project plane, in direct coordination with Technical team
- Analyses the project schedule, plan and execute according to schedules the internal Telecom & Networking team to prepare the costing of telecom & network infrastructure for different projects.
- To understand the plan drawing and preparing the isometric drawings based upon the site condition.
- Conduct annual and semi-annual evaluation of the workers.
- Inspect, review, and prepare site inspection reports.
- Define system requirements and basis-for-design requirements for design- build work.
- Preparation of Preliminary Estimation, Budget Estimation, Detailed Estimation, Insurance claims and administration.
- Ensure designs meet all applicable codes and safety standards.
- Sending Enquiries and obtaining prices, analyze prices, prepare material and labor cost estimation and bid price.
- Preparation of Evaluation of Tender / Contract documents and Bill of Quantities
- Visiting site and attending pre-bid meetings.
- Prepare Technical and Commercial bid, follow up until finalization.
- Conducting negotiations, Identification of cost or pricing data submitted during the negotiations and relied upon in reaching a settlement.
- Field observation and reporting the progress of work
- Manage design tasks assigned; ensure quality of work in developing construction documents.
- Reflect all changes made in the specifications and working drawings during the construction process
- Inform the General Manager of any modifications involving additional costs
- Provide workers with adapted equipment in agreement with the General Manager
- Transmits and ensures compliance with safety instructions to workers
- Interact with building owners, property management, architects, and members of design and construction team to develop the relationship
- Participates in following up with the operation team for the invoicing and payments collection.
- Establish claims and provide solutions while limiting costs.

- Suhaila School, Sharjah, UAE
- Pavilion – Expo 2020
- Khazna Data Center - D3

Life Safety System Engineer

2 Years Of Experience

Profile

Life Safety System Engineer with expertise in designing, commissioning, and maintaining comprehensive life safety and fire protection systems, including fire alarm, emergency lighting, public address & voice alarm (PAVA), and smoke control systems. Proficient in UAE Fire and International Codes, with a proven track record in ensuring compliance, safety, and operational reliability across residential, commercial, and industrial projects. Skilled in system design, risk assessment, testing, troubleshooting, and documentation, with strong coordination with consultants, contractors, and multidisciplinary teams. Committed to enhancing safety, optimizing system performance, and contributing to resilient building infrastructure.

Professional Experience

STARCO FIRE PROTECTION ENGINEERS

ESTIMATION ENGINEER

June 2025 – Present

VERTIV PVT.LTD

FIELD ENGINEER

Feb-2024- May 2025

Responsibility and Job Description

- Working as a Life Safety System Engineer with expertise in design, estimation, installation, testing, and commissioning of fire alarm and life safety systems in compliance with UAE Fire & Life Safety Code and NFPA standards.
- Proficient in preparing detailed cost estimates, quantity take-offs, BOQs, and technical clarifications for fire alarm, emergency lighting, PAVA, CO detection, and associated ELV life safety systems.
- Proven ability to analyze drawings, specifications, and tender documents to develop accurate and competitive project estimates while ensuring full code compliance. Experienced in value engineering, system optimization, and cost control without compromising safety or performance.
- Demonstrated strong troubleshooting skills in diagnosing and resolving complex system issues onsite, ensuring timely project execution, quality assurance, and successful authority approvals. Committed to leveraging technical expertise and hands-on experience to deliver reliable and compliant life safety solutions.

SAFETY & QUALITY POLICY

QUALITY POLICY STATEMENT

It is the declared policy of **STARCO Fire Protection Engineers LLC** to provide a highly quality service that consistently satisfaction the expectations and requirements of our customers, to this end we are committed to a philosophy based on customer focus and continual improvement and we will provide the leadership and example required to carry this process throughout the organization as we grow.

We will ensure that all our staff are given the necessary resources and training to ensure that these ambitions are met. We will ensure that the effectiveness of the quality management system is measured on a regular basis through the process of internal audits, analysis of non-conformities, customer and employee satisfaction and management review.

The outcome of these actions will form the basis of plans for the ongoing improvement of the system and subsequent improved services to our customers.

The quality management system detailed in the manual meets the requirements of BS EN, ISO 9001:2015 and describe the organization and procedures necessary to achieve these objectives, this had enables us to achieve the following certificates for Abu Dhabi office.

ISO 9001:2015 Quality Management System

ALI HAMADE
Managing Director

HEALTH & SAFETY POLICY STATEMENT

STARCO is committed to safeguarding the health, safety and welfare of its employees as well as the people and property affected by its operations. To reduce risk of accident or injury the company seeks to provide a work environment that, as far as is reasonably practicable, is safe and preserves the health and welfare of those that work within it and those that are affected by its activities.

The company is committed to continuously improve its standard of health and safety throughout its operations. To this end the board provides leadership in health and safety matters by engaging and training the workforce in the achievement of safe and healthy working conditions and promoting best practice as far as is practicable.

The company is committed to providing adequate resources to train, monitor and assess the company's health and safety performance and deliver the objectives set for continuous improvement.

The requirements of this policy are communicated to all employees through the company's heads of department and the Management of health and safety is promoted through consultation and involvement.

The health and safety policy is displayed at all company sites and offices and issued to all new staff joining the company at induction. It is the duty of managers to prevent injury and ill health as far as is practicable and it is the duty of each employee to exercise personal responsibility for their own health, safety and welfare as well as that of other people. Compliance with legal requirements should be adhered to at all times and no breaches should be tolerated.

This policy will be reviewed periodically and amended as necessary to ensure that it remains relevant to the activities of the company and complies with current legislation and best practice. This has enabled us to achieve the following certifications for Abu Dhabi office.

ALI HAMADE

Managing Director

FIRE PREVENTIVE MAINTENANCE

MAINTENANCE

CHECKING

INSPECTION

FIRE PREVENTIVE MAINTENANCE

We are licensed to provide fire preventive maintenance at regular intervals with full method statements and risk assessments prior to arrival on site.

As part of our fire preventive maintenance package, we test fire alarms, fire fighting and suppression systems as per rules and regulations of local civil defense, EHS and international standards of NFPA. Problems are identified before faults, ensuring peace of mind that comes from a fire system operating to your satisfaction. A certificate of testing is issued on completion of the work.

WE OFFER MAINTENANCE OF

- All types of Intelligent Analogue Addressable and Soft Addressing Fire Alarm Systems And PAVA system
- Emergency Light System
- All type of Conventional Fire Alarm Systems
- Fire Hose Reels & Cabinets
- All gaseous suppression systems like CO2, FM200, INERGEN, Argon Systems
- Dry and wet type Sprinkler Systems
- Hose Reels, Wet and Dry Risers
- Water Spray Systems, Foam Systems and Wet Chemical Suppression Systems
- Fire Fighting Pumps
- Testing and Refilling Fire Extinguishers

Disclaimer:
1) This prequalification approval does not absolve the sub-contractor from getting a 'project specific approval' by the project consultant and by ADCE. Whenever a pre-qualified sub-contractor applies for a specific project, they should go through the sub-contractor submission process where they should prove resource allocation, financing position and proper engineering staff. The issuing of this certificate does not confer any authority upon the Sub Contractor.
2) This certificate is valid for one year from issue date.

MEP SUPPLIER REGISTRATION CERTIFICATE

Issue Date: 23 March 2026

We hereby register the Supplier: STARCO FIRE AND SAFETY EQUIPMENTS TRADING

ADCE Vendor Code: v0003953

-

-
- A photograph of a modern, multi-story building with a glass facade and balconies, surrounded by palm trees and a clear blue sky. The building has a distinctive design with a mix of glass and solid panels. In the foreground, there are several palm trees and a paved area with some parked cars. The sky is bright blue with a few wispy clouds.
